### **PROFESSIONAL EXPERIENCE**

While Bob has mediated a wide variety of matters, his practice has focused on securities, employment and mortgage lending disputes. Using a combination of styles and “tools”, Bob helps parties efficiently and effectively get to resolutions that meet their interests. He uses a comfortable and spacious facility that has numerous conference rooms, as well as several dining rooms in which he offers the parties complementary lunches.

Prior to opening his mediation practice in 2005, Bob helped grow Keesal, Young & Logan from three to eighty-five lawyers. During his 32 years with the firm before he retired, Bob litigated securities, mortgage banking, employment, maritime and attorney malpractice cases. He was the firm’s primary ethical advisor and also conducted numerous MCLE seminars on matters including decision analysis and mediation advocacy.

### **EDUCATION**

Stanford University, BA 1970

University of Southern California Law School, JD 1973
